SITUATION SUMMARY

Cal OES Southern Region Storm, 2016-01-05 Winter Storm

- The Southern Region Emergency Operations Center (SREOC) is activated to Level I and continues to coordinate the regional response in support of 2016-01-05 Winter Storm.
- A Regional Event has been created in Cal EOC: 2016-01-05 Winter Storm

Critical Concerns

San Bernardino County, Power outage, Southern California Edison (SCE)

- An extended power outage has been reported by the San Bernardino County territory rep in Forest Falls. The outage may not be restored until Monday for some customers.
- SCE representative at 0920 hours reports 350 customers without power in the Forest Falls Area. Target for full restoral of power is 1500 hours on Monday
- SCE activated IMT and Mobile Support Unit in Yucaipa
- There are no requests for state assistance or unmet needs at this time

Forest Falls Water Well Leak

- System pressurizing from Big Falls Well
- Well pump being powered by Forest Home generator
- SCE power not expected to be restored until Tuesday or Wednesday
- No additional resources needed for Fallsvale Service Company at this time

American Red Cross

- Shelter and shelter support teams will remain on standby in the Yucaipa area through Tuesday, 1/12/16

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

Northern California

- An Unsettled pattern will bring multiple systems this week into the weekend across northern California.

Southern California

- High surf conditions are expected for the Central Coast through much of the coming week, starting this afternoon. The largest surf will likely be near Ventura Harbor, but large surf is also expected for west facing beaches of Southern L.A. County such as Manhattan Beach. The southwest facing point breaks of the Santa Barbara South Coast will also see high surf, peaking with sets to near 8 feet on Tuesday

WEATHER

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER SYNOPSIS BY REGION:

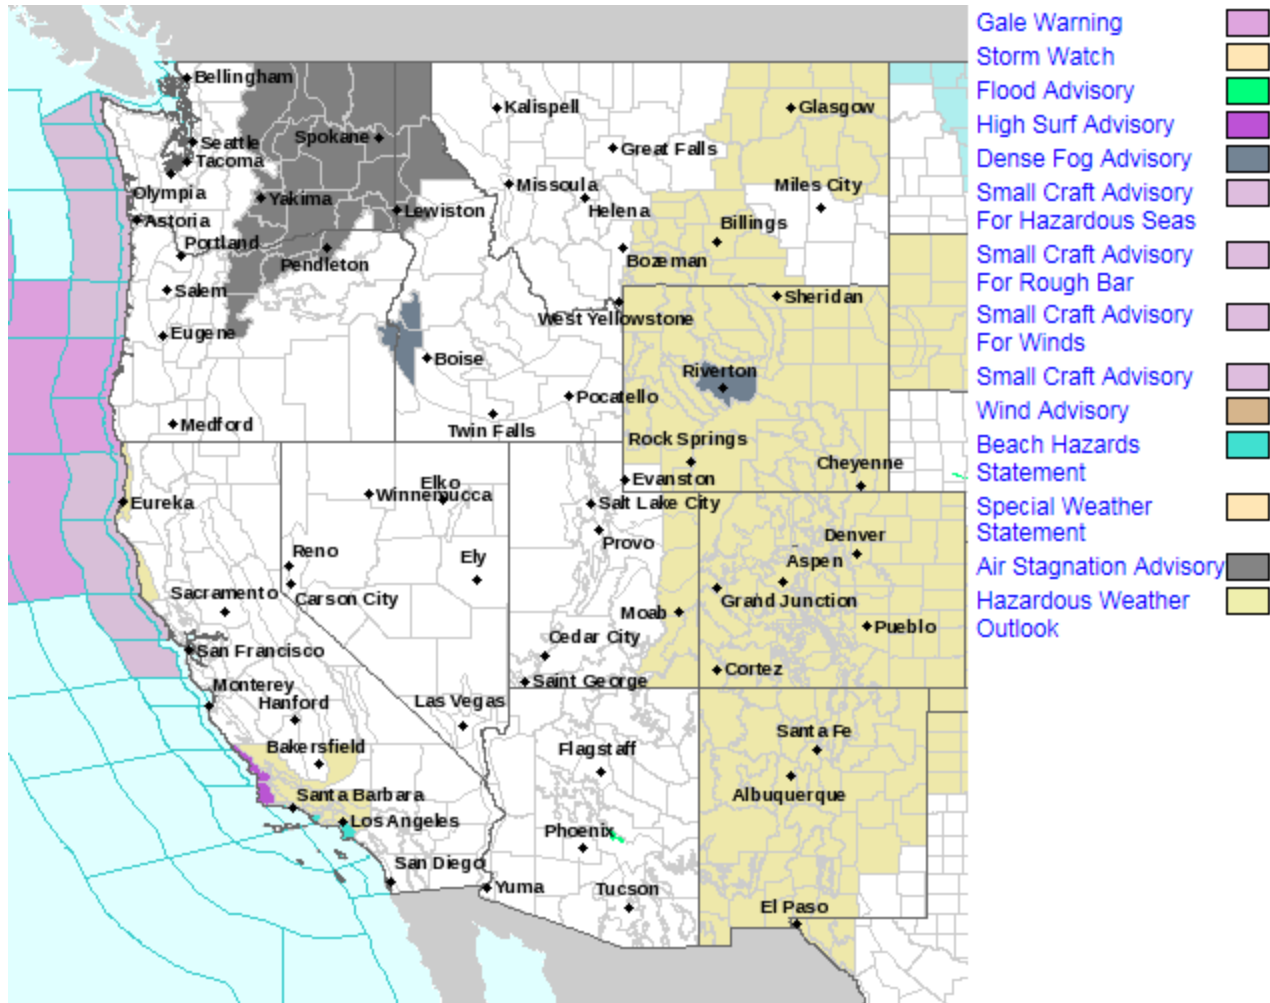

NORTHERN CALIFORNIA

Lingering low clouds and patchy light fog this morning in portions of the Central Valley in wake of the short wave trough that moved through overnight. Decreasing cloudiness expected this morning as high amplitude short wave ridging moves through the area today. Near normal high temperatures expected today with mainly mid 50s in the Central Valley and upper 30s to 40s for the mountains and foothills. Some Valley fog possible tonight, but dense formation will be countered by increasing high clouds. System is encountering high amplitude ridging and is being stretched with cloud top warming evident on IR. Models have been trending drier with this storm and latest guidance similar in brushing it across NW California Monday with some light precipitation depicted over the Coastal Range and Western Shasta county. Precipitation amounts generally below a tenth of an inch. Upper ridge axis remains over the Great Basin Tuesday for dry weather then a deeper trough is forecast to move into Interior Northern California Wednesday.

SOUTHERN CALIFORNIA

A little warm front along the central coast will drop some light showers there through this evening. Then, an upper level ridge will be moving over southern California tonight thru early Wednesday. At the same time gradients will be trending offshore. Models show very little upper support but enough for some sub-advisory level northeast winds with some isolated gusts to around 35 mph in the favored parts of Los Angeles and Ventura counties. While the offshore trends will dry out the lower levels there will be plenty of high clouds drifting through the ridge at least through the first half of Monday to keep skies partly to mostly cloudy across the area. These should finally clear out Monday night and Tuesday with highs back up to near normal Tuesday under mostly sunny skies and locally breezy northeast winds. On Wednesday a weak cold front will move through the area. Forecasts show at least some light precipitation to most areas by Wednesday afternoon. Current forecast gives much more weight to the wetter forecast with a quarter to half inch San Luis Obispo and Santa Barbara counties and under a quarter inch for Los Angeles and Ventura counties.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

CAL OES MISSIONS

New/Closed Missions

- **2016-LAW-20782, 1/9/2016, 1337 hours**, Marin County Sheriff's Office (MCSO) requested 2-4 SAR Trailing K9 teams and cell phone forensics to assist in searching for a reported missing 22 year old female last seen in the early morning of 1/7/2016. The ICP is located in the Pt. Reyes Lighthouse parking lot where the MP's car was located. Cal OES Law Enforcement Branch coordinated the response. AFRCC accepted the cell phone forensics mission. **Update: 1/9/2016, 1648 hours**, MCSO cancelled all mutual aid resources. MCSO advises MP still has not been located and will continue their search efforts with Marin County resources. All mutual aid resources cancelled. **Mission Closed**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
